The eClass2go Concept - professional education & training solutions

eClass2go I

Complete trolley, offering space for a maximum of 16 Notebooks, Servers, Wireless LAN devices UPS systems, Battery chargers, LCD projectors, printers and scanners. One specific drawer for other, smaller accessories. Retractable powercable which pulls itself in after usage. One power cable for all devices in the Toshiba eClass2go. Charges all notebooks, battery chargers and/or the optional UPS-system at the same time. While moving the eClass2go from one room to another, the optional UPS system keeps the systems running (Servers or other critical devices) At the new location, simply pull out the extractable powercable and start working again. The internal powersystem consist of 30 power sockets and a professional netfilter to secure your valuable equipment against powerpeaks and overheating. All devices mentioned are not included and must be ordered separately. For Toshiba options check the options pricelist in this document for the notebook of your choice

eClass2go I

<i>Part number</i>	<i>Description</i>	<i>ESP excl. VAT</i>	<i>ESP incl. Remark VAT</i>
PX1050E-1SOL	Standard eClass2go trolley	€3.651	€4.344

eClass2go II

This eClass2go II - Modular Mobile classroom can be composed as needed, using different modules for different purposes:

- * Base Module is always needed (central power system) offering space for 10 Notebooks PC's
- * Expansion modules offers space for 10 notebooks PC's
- * Server Module offers space for 1 Server and at least 2 peripheral devices (printer, scanner, etc) or 2 notebooks
- * Trolley module is needed for easily moving your eClass2go (steal plate with 4 wheels)
- * Tapeset is needed for temporary fixation of notebooks (Velcro)

Easily stack the modules of you choice up to a maximum of 3 (excluding trolley plate)
Move your classroom or trainingcenter around the building without depending on only one location and safely transport up to a maximum of 30 notebooks (1 x base- and 2 expansionmodules)
Simply connect the powercables between the modules and attach only one cable to the power-socket in the wall. Every module offers a complete powersystem with netfilter and powersockets
Note: Bundle 1 & 2: Trolley module is not included. Tape set is optional with every module.
